(Issued as a Special Army Circular on 1st November, 1871.)

VICTORIA R.

Whereas by our Warrant of the 20th July, 1871, we deemed it expedient to cancel and determine on and after the 1st day of November in this present year, all Regulations made by us or any of our Royal predecessors, or any officers acting under our authority, regulating or fixing the prices at which any commissions in our Forces may be purchased, sold, or exchanged, or in any way authorizing the purchase, or sale, or exchange for money of any such commissions;

Our will and pleasure is,—

That the under-mentioned Articles of our Warrant of 27th December, 1870, be cancelled accordingly, viz.—

Articles 33 [paragraph *a*], 36 [paragraph *a*], so much of Article 40 as relates to regimental promotion, Articles 44, 45, 46, 47, 48, 49, 52, 53, 54, 55, 56, 61, 62, 63, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 85, 86, 87, 88, 89, 90, 91, 92, 93, 102, 109, 959, 961, 967, 968, 969, 970.

And whereas it is expedient, pending a more complete revision of that section of our said Warrant of the 27th December, 1870, which now governs the promotion of combatant officers, to provide at once for certain necessary changes in respect of First Appointments, Regimental Promotion, and Exchanges;

Our will and pleasure is,—

That this warrant be established and obeyed from the 1st day of November in this present year, in respect of all matters herein contained, and that it be construed, administered, and interpreted with our said Warrant of 27th December, 1870.

I.—FIRST APPOINTMENTS.

Sub Lieutenants.

1. A Commission as Sub Lieutenant in our Army may be given:—

(*a.*) To a successful candidate at a Competitive Examination in general subjects to be held under such regulations as may be issued from time to time by our Secretary of State;

ARMY CIRCULARS—*continued.*

(*b.*) To a student from the University of Oxford, Cambridge, Durham, London, Dublin, Edinburgh, St. Andrew's, Glasgow, Aberdeen, or the Queen's University, Ireland, who has passed "Responsions" at Oxford, the "Previous Examination" at Cambridge, or the corresponding examination at the other Universities—under such regulations with respect to the age and manner of selection of such candidates as may be issued from time to time by our Secretary of State;

(*c.*) To our cadets styled "Queen's Cadets;" to those styled "Indian Cadets," and to our Pages of Honour. These cadets and pages of honour shall pass such a qualifying examination in general subjects as may be fixed from time to time by our Secretary of State;

(*d.*) To a non-commissioned officer who is recommended for promotion by our Commander in Chief, and who shall pass such a professional examination as may be fixed from time to time by our Secretary of State.

2. Sub lieutenants, in order to qualify for the rank of lieutenant, shall be required to serve satisfactorily for twelve months with one of our regiments, and after such service (except in the case of non-commissioned officers promoted to be sub lieutenants), to go through such a course of study, and to pass such a professional examination, as may be fixed from time to time by our Secretary of State.

3. Sub lieutenants shall be removed from our Service for moral or physical unfitness, or if they fail to pass satisfactorily through the prescribed course of study. They shall, except in the case of non-commissioned officers promoted to be sub lieutenants, be required to pass the professional examination for the rank of lieutenant within three years, failing to do which they shall be removed from our Service. Their time for retirement on full or half pay shall be reckoned from the date of their commissions as lieutenants; and in fixing the date of such commissions, such portion of their service as sub lieutenants may be allowed as their conduct and qualifications may merit according to regulations to be issued from time to time by our Secretary of State.

4. Sub lieutenants appointed to a Cavalry regiment who are not qualified for service in the Cavalry may be transferred to the Infantry.

Appointment from the Militia.

5. A commission as lieutenant in our Army may be given to a lieutenant of one of our regiments of Militia, under such regulations as to age or otherwise as may be issued from time to time by our Secretary of State. The officer shall pass a professional examination similar to that which will be required of a sub lieutenant in our Army before he receives a commission as lieutenant.

II.—PROMOTION.

Lieutenants.

6. A sub lieutenant in our Army may receive a commission as lieutenant—

(*a.*) If he has been promoted to the rank of sub lieutenant from the rank of non-commissioned officer—after a satisfactory service of not less than twelve months as a sub lieutenant;

(*b.*) In the case of other sub lieutenants—after a satisfactory service of not less than twelve months with one of our regiments, and after having gone through a course of study and passed a professional examination, as laid down in Article 2.

Captains.

7. A qualified lieutenant shall be eligible for promotion to the rank of captain after two years' service in our Army. In the case of officers entering our Army after the 26th August, 1871, this service shall date from the date of their commissions as lieutenants; in the case of other officers from the date of their first commissions.

Majors.

8. A qualified captain shall be eligible for promotion to the rank of major after six years' service in our Army. In the case of officers entering our Army after the 26th August, 1871, this service shall date from the date of their commissions as lieutenants; in the case of other officers from the date of their first commissions.

Lieutenant Colonels.

9. A qualified officer holding the substantive rank of major shall be eligible for promotion to the rank of lieutenant colonel.

General Rules.

10. Every promotion shall be made upon the recommendation of our Commander in Chief, with the approval of our Secretary of State.

11. Succession to vacancies shall be regulated as follows:—

(*a.*) If a vacancy shall arise—

(1.) By the promotion of an officer to the rank of major general,

(2.) By the death of an officer,

(3.) By an officer becoming supernumerary under Article 21, or

(4.) By an officer being promoted to fill a vacancy in another regiment or corps,

the promotions in the several ranks necessary to fill the vacancy shall, unless it shall be expedient that the vacancies be otherwise filled, be given to the senior qualified officer of each lower rank in the regiment or corps, except in the case of promotion to be lieutenant colonel, in which case the vacancy shall be filled by a qualified officer to be selected by our Commander in Chief with the approval of our Secretary of State;

(*b.*) If a vacancy shall arise from any other cause, it shall be filled by a qualified officer of our Army, who shall be selected by our Commander in Chief with the approval of our Secretary of State.

12. No selection shall be made in succession to any vacancy caused by the retirement of an officer until such retirement shall have been completed and shall have appeared in the London Gazette.

13. Officers below the rank of field officer shall not be recommended to us for promotion unless they shall have previously passed such professional examinations as may be fixed from time to time by our Secretary of State. Officers serving with their regiments at distant foreign stations may be provisionally promoted to vacancies previous to passing such examination, but such promotion shall be cancelled should the officer fail in his examination. Captains now in our Service may be appointed majors without examination, if specially reported to and approved by our Commander in Chief as having proved their efficiency for the rank of major.

14. Lieutenants shall be required to pass the professional examination for the rank of captain within five years from the date of their commission as lieutenants, failing to do which they shall be removed from our Service, and may receive a sum not exceeding one year's pay; provided that in cases of exigency our Secretary of State may enlarge the time allowed for their examination. Officers now in our Service who received their first commissions before the 26th day of August, 1871, shall not be liable to the provisions of this Article.

III.—TENURE OF APPOINTMENTS OF MAJOR AND LIEUTENANT COLONEL IN A REGIMENT.

15. The appointment of major in a regiment or battalion shall, in the case of officers so appointed after the date of this Warrant, be held in the first instance for five years; the officer being eligible for re-appointment. If not re-appointed he shall receive half-pay.

16. The appointment of lieutenant colonel of a regiment or battalion shall, in the case of officers so appointed after the date of this Warrant, be held in the first instance for five years, and may be renewed if it appear to our Commander in Chief with the approval of our Secretary of State that such renewal is desirable for the good of our Service. If the officer be not re-appointed he shall receive half-pay.

IV.—ROYAL ARTILLERY AND ENGINEERS.

17. The foregoing Articles of this Warrant, viz., Articles 1 to 16, shall not apply to our Royal Artillery or Royal Engineers.

V.—EXCHANGES.

18. Subject to the sanction of our Commander in Chief, officers of equal substantive rank on full pay, serving in our Cavalry, Infantry of the Line and colonial corps, and officers (below the substantive rank of field officer) in our Indian Staff Corps, may exchange from one regiment or corps to another, and officers of equal substantive rank on full pay serving in brigades of Royal Artillery, in companies of Royal Engineers, or in regiments of more than one battalion, may exchange from one brigade, company of Royal Engineers, or battalion to another; provided that the commanding officers of the officers exchanging certify that the desired exchange does not originate in any cause affecting the honour, character, or professional efficiency of the officers, and provided also that a certificate of a military medical officer be transmitted in each case, declaring

that the officer is in a fit state to serve at the station where the corps, brigade, battalion, or company into which he applies to exchange is quartered. Each officer shall also declare that it is his *bonâ fide* intention to join immediately and do duty in the corps, brigade, battalion, or company to which he proposes to exchange; and no officer shall be permitted to retire within six months of the date of his exchange, excepting in the case of ill-health or other emergency, which shall be specially considered.

19. An officer so exchanging shall be permitted to defray all fair and reasonable expenses incurred through such exchange by the officer with whom he exchanges, provided that the sum to be paid be approved by our Commander in Chief before payment is made.

20. An officer exchanging into a regiment shall be placed, for regimental seniority, below all officers holding the same regimental rank at the time of his exchange.

VI.—SUPERNUMERARY OFFICERS.

21. An officer may be retained on the strength of his regiment or corps as a supernumerary—

1st. In case of a reduction in the establishment of a regiment or corps when his retention is authorized by our Secretary of State;

2nd. If, in the case of a field officer belonging to a regiment or battalion serving in India, he be appointed to a brigade command, or to a staff situation in that country tenable by a regimental officer for the usual period of five years;

3rd. When appointed to be—

(*a.*) Assistant adjutant and quartermaster general if a substantive major;

(*b.*) Professor, instructor, or other officer on the establishment of our Royal Military College, Royal Military Academy, or Staff College;

(*c.*) Garrison instructor, deputy assistant adjutant general for musketry, captain instructor or lieutenant instructor of musketry;

(*d.*) Adjutant in a regiment or corps of our auxiliary forces;

Or to hold such other appointments as may be fixed from time to time by our Secretary of State with the approval of the lords commissioners of our Treasury.

22. An officer supernumerary to the establishment of his regiment or corps shall retain his military position and be eligible for promotion precisely as if he had remained on the active list of such regiment or corps.

23. A supernumerary officer under Article 21, on being promoted to a lieutenant colonelcy or majority in a regiment or corps, shall join the regiment or corps to which he may be promoted.

24. A supernumerary officer who completes the term of service fixed for his appointment, or resigns it on satisfactory grounds, shall rejoin his regiment as supernumerary in his rank, except in the case of a substantive major, who shall receive half-pay until absorbed, retaining his regimental position.

25. A supernumerary officer who resigns his appointment on unsatisfactory grounds, or is displaced therefrom for misconduct or incapacity, unless he be removed from our Army, shall receive a reduced rate of half-pay of such amount and for such period as our Secretary of State may decide, taking into consideration the length and character of the services rendered by the officer.

26. If a supernumerary officer shall die, be promoted, or retire, or if an officer of the rank in which there is a supernumerary officer waiting absorption under Article 24 shall die, be promoted, or retire, no promotion shall take place in succession to such vacancy.

27. Cases of reduction of establishment shall be specially considered, and such arrangements made for the gradual absorption of supernumerary officers as may be approved by the lords commissioners of our Treasury.

VII.—PROVISIONAL ARRANGEMENTS.

28. Cornets and ensigns in our Army appointed before the 26th day of August, 1871, and cornets and ensigns in our Army appointed after such date who passed from our Royal Military College on the A list, may be promoted at once to the rank of lieutenant. No greater number of lieutenants than that allowed by the establishment which may be fixed for the year shall receive lieutenant's pay: and no officer shall receive such pay until he shall have passed the examination required by the existing regulations for the rank of lieutenant.

29. Other cornets and ensigns in our Army appointed after the 26th day of August, 1871, candidates who have passed the examination for direct commissions before the date of this our Warrant, candidates for commissions in the Household Cavalry and

Foot Guards who are nominated to fill the vacancies which occur in such regiments previous to the date of the first competitive examination for sub lieutenancies and who pass a qualifying examination, and candidates from the universities now on the list of our Commander in Chief, may receive commissions as sub lieutenants.

30. Such sub lieutenants as have passed satisfactorily through a course of study at our Royal Military College may be promoted to the rank of lieutenant after twelve months satisfactory service with one of our regiments.

Given at our court at Balmoral, this 30th day of October, 1871, in the 35th year of our reign.

By Her Majesty's command,

EDWARD CARDWELL.

Cl. 208.—Explanatory Memorandum to accompany the Royal Warrant of 30th October, 1871.

(Issued in a Special Army Circular on 1st November, 1871.)

1. The scope of the present Warrant is confined to making those changes which are rendered immediately necessary by the abolition of purchase, and it therefore deals only with the subjects of first appointments, regimental promotion in the Cavalry and Infantry of the Line, and exchanges.

2. Questions affecting the Household Cavalry and Foot Guards are under the consideration of Her Majesty's Government, and the promotions which have heretofore carried superior Army rank are for the time to be suspended.

3. The regulations which are required for the purpose of carrying into effect the provisions of the Warrant are either published along with it or are in course of preparation, and will be issued shortly.

4. In the meantime, the following explanatory statement has been drawn up for general information.

5. Commissions as lieutenants will be given to all cornets and ensigns appointed before 26th August, 1871, and to cornets and ensigns appointed since that date from the A. list at Sandhurst, their commissions to date from 1st November.

6. Commissions as sub lieutenant will be given to—

(*a.*) All other cornets and ensigns appointed after 26th August, 1871, the rank of cornet and ensign being abolished;

(*b.*) Candidates who have passed the examination for direct commissions, in their turn as vacancies occur;

(*c.*) Candidates for commissions in the Household Cavalry and Foot Guards who are nominated to fill the vacancies which occur in those regiments before the date of the first competitive examination for sub lieutenancies, and who pass a qualifying examination;

(*d.*) Candidates from the universities now on the Commander in Chief's list.

7. Sub lieutenants will be attached for a year to regiments at home. They will then be required to go through a course of instruction, and on passing a practical professional examination, be commissioned to regiments as lieutenants. They will be under strict discipline, and will be liable to be removed for unfitness, either moral or physical, and for misconduct. Those unsuited to the Cavalry may be transferred to the Infantry.

8. In dating their commissions they will be allowed a portion, not exceeding one year, of their service as sub lieutenants; the time allowed being determined by the class of certificate they receive after their year's regimental training, their conduct while under instruction, and their position at the final examination. Their service for retirement will reckon from the date of their commissions as lieutenants.

9. Candidates who have passed the examination for direct commissions, and have also passed satisfactorily through a year's course of study at the Royal Military College before being appointed to be sub lieutenants, and Sandhurst Cadets from the B. List, will be commissioned to regiments as lieutenants on serving satisfactorily for twelve months with a regiment as sub lieutenants.

10. There are now a large number of supernumerary officers, and also a large number of candidates who have passed for commissions.

11. The absorption of supernumerary officers will probably be completed, and the candidates who have passed for commissions have received their appointments, in about two years from the present time, and first appointments in the Army will then only be given as follows:—

(*a.*) To successful candidates at a competitive examination;

(*b.*) To non-commissioned officers recommended for promotion by the Field Marshal Commanding in Chief;

Digitized by Google

ARMY CIRCULARS—*continued.*

(*c.*) To candidates from the universities;
(*d.*) To Queen's Cadets, Indian Cadets, and Pages of Honour;
(*e.*) To lieutenants of Militia.

12. The competitive examination will be carried out by the Civil Service Commissioners; the standard of qualification being that recommended by the Royal Commission on Military Education. Ample notice will be given of the first examination, and there will be no advantage in any applications being made for admission to be examined before the publication of such notice.

13. Non-commissioned officers on being selected for promotion will pass an examination in certain professional subjects; and then, after 12 months' satisfactory service as sub lieutenants, will receive commissions as lieutenants.

14. A certain number of sub lieutenancies a year will be allotted to candidates who have passed the university examination specified in the Regulations. If they also pass the examination for the degree of B.A., they will be allowed two years' extension of the limit of age. University candidates will be required to give at least six months' notice of their desire to be admitted into the Army. If in any year there should be more candidates than appointments, the requisite number will be chosen by competition between the candidates; after their appointment they will go through the same course as other sub lieutenants.

15. There will be no vacancies for two years for any candidates from the universities whose names are not now on the Commander in Chief's list.

16. Queen's and Indian Cadets and Queen's Pages will be required to pass a qualifying examination, which for the present will be the same as that recommended by the Royal Commission on Military Education. The nominations will remain as heretofore. When appointed, cadets and pages will go through the same course as other sub lieutenants.

17. First appointments as subalterns in the Militia will be made on the recommendation of the lieutenants of counties. Candidates before receiving their commissions as lieutenants in the Militia will be required to pass a qualifying examination in general subjects equal to the standard fixed as necessary for a candidate for a sub lieutenancy. They will next be required to be attached to a regiment of the line for three months, or such time as may be necessary to teach them their drill. After serving with their Militia regiments for two annual trainings they will be eligible for the appointment of lieutenants in the Army. In order to obtain such an appointment they must be recommended by the commanding officer of their Militia regiment, his recommendation being confirmed by the general officer commanding the district, and they will be required to pass an examination in professional subjects of the same kind as that which will be required of a sub lieutenant before he receives his commission as lieutenant.

18. The limits of age, except for non-commissioned officers, will be fixed at from 17 to 20 for sub lieutenants, the limit being raised to 22 in the case of candidates who have passed their examination for the degree of B.A. at the universities, and from 19 to 22 for lieutenants from the Militia.

19. So far as it is possible to calculate beforehand, the vacancies on the present establishment of officers in the Army will provide for about 200 admissions a year by competition, and for one commission a year for each Militia regiment of 10 companies, and for the smaller regiments in proportion, besides the number allowed for candidates from the universities, non-commissioned officers, &c.

20. In addition to the examinations hitherto required from regimental officers, those who are promoted to the rank of captain after the 1st November, will, before being promoted to the rank of major, be required to pass a professional examination.

21. The necessary alterations in the Queen's Regulations with respect to this and other examinations will be made public as soon as possible.

22. Adjutancies of the auxiliary forces will in future be filled by half-pay officers or by officers belonging to regiments, who will be made supernumerary to their regiments while so serving. The appointments will be held in the first instance for a term of five years; but if the officers' service prove unsatisfactory they will be liable to be sent back to their regiments, or put on a reduced rate of half-pay, under Article 25 of the Warrant, at any time; if satisfactory, they will be eligible for re-appointment after the expiration of their first period.

23. It is not intended to interpose any obstacle in the way of exchanges between officers on full pay, which are made to suit the reasonable convenience of officers. It is therefore provided that an officer wishing to exchange shall be permitted to defray the fair and reasonable expenses of the officer with whom he exchanges. provided that the sum to be paid is approved by the Commander in Chief. Precautions have been taken in the Queen's Regulations for the Army to guard against any abuse of such arrangements.

ARMY CIRCULARS—*continued.*

Cl. 209.—Forfeiture of Service during Imprisonment, &c.

1. With reference to Article 541 (*a*) of the Royal Warrant of 27th December, 1870, Clause 168, Army Circulars, 1871, is hereby cancelled, and the following interpretation of the above-mentioned article is substituted for that contained in the above clause:—

A non-commissioned officer or soldier enlisted, re-enlisted, or re-engaged, under the Army Enlistment Acts of 1867 and 1870, shall not forfeit his service towards the completion of his engagement for the time during which he is under arrest, in confinement, or in civil custody, unless such arrest, confinement, or custody is on account of an offence for which he is awaiting trial, and such trial results in his conviction by a court-martial or civil tribunal. Service will be forfeited as heretofore for the time during which he is undergoing imprisonment by sentence of a court-martial or civil tribunal, or by order of his commanding officer.

2. Records of service may be corrected accordingly. . .

Cl. 210.—Working Pay.

1. It is hereby notified, with reference to Article 252 of the Royal Warrant of 27th December, 1870, that working pay is not issuable to an officer in command of a working party, whose duties are confined to marching the men through the streets, to or from their work.

2. Should the officer be ordered, under the provisions of the above quoted article, to remain and superintend or oversee the work, he will be entitled to working pay at the rates prescribed by the Royal Warrant of 27th December, 1870.

3. The construction of field works, by infantry soldiers while under instruction, is not included among the duties referred to in the Royal Warrant of 27th December, 1870, for which working pay may be issued.

CONTROL SERVICES.

Cl. 211.—Camp Equipment.

1. When the general or other officer commanding finds it necessary to alter the regulated proportions of stores supplied in camp, his decision will in future be communicated in the same manner as all other instructions referring to Control Services. *See* Article 16 of the Control Regulations, 1870.

2. Article 114 of the Equipment Regulations, 1870, is hereby cancelled.

Cl. 212.—Instructions for using Trigger Testers.

1. The pull-off of military small-arms is regulated so as to require a mean weight of about 7 lbs. to be applied to the finger-piece of the trigger, in order to release the sear nose from the top bent; this result is obtained only when the lock and trigger are perfectly clean and free from dried-up oil, or other matter causing obstruction to the free working of the various parts. In order therefore to obtain trustworthy indications of the weight of the pull-off, the armourer-serjeant must thoroughly examine the locks of the arms which are to be tested, and clean and oil such as he finds require to be so treated.

2. As a rule the pull-off of the small-arms in use, will be found to be influenced mainly by the condition of cleanliness of the lock and trigger.

3. Should the lock, after having been thoroughly cleaned and oiled, be found to pull off either light or heavy, *i. e.*, below 6 lbs. or above 8 lbs., it may easily be regulated by squaring the sear nose and top bent in the tumbler, care being taken to preserve the same angles. Great care should be used in performing this operation.

4. In weighing the pull-off, the trigger tester should be kept in line with the barrel, about two inches below the strap of the butt-plate, or nearly in the centre of, and clear of the stock.

Cl. 213.—Window Blinds for Officers' Quarters.

The expense of providing and maintaining window blinds for officers' quarters is not chargeable against the public. Blinds now fixed which have been supplied free of charge, may remain, provided they be maintained at the occupant's expense. Any occupant not wishing to retain the blinds at his own cost, will make a notification to this effect to the controller of the district, in order that they may be removed and taken into store.

Cl. 217.

(Issued as a Special Army Circular on 10th November, 1871.)

G.O. 89.—Queen's Regulations—Alterations in.

(Specially issued, 4th November, 1871.)

The Royal Warrant, containing the rules and regulations under which appointments, promotions, and exchanges will henceforward be conducted in the Army, consequent upon the abolition of purchase from and after this date, under the provisions of the Royal Warrant, 20th July, 1871, is promulgated in the special Army Circular of 1st instant.

The following alterations have become necessary in the "Queen's Regulations and Orders for the Army," to bring them into conformity with her Majesty's Royal Warrant.

SECTION 4.—*Commissions and Promotions of Officers.*

Paragraphs from 137 to 157, inclusive, are hereby cancelled, and the new paragraphs, Appendix A, under those numbers, will be substituted in their place.

SECTION 5.—*Annual Inspections and Confidential Reports.*

Paragraphs from 186 to 189, inclusive, are cancelled, and new paragraphs, Appendix B, will be substituted in their place.

His Royal Highness the Field Marshal Commanding in Chief, in promulgating these regulations to the Army, would desire to impress upon each individual officer, and especially upon those of junior standing who have still a name to make in the service, that they must more than ever rely upon their own exertions, upon their professional knowledge and ability, upon their general character and conduct as officers, and the opinion with which they impress their military superiors, for advancement in the service.

All communications from officers on the full pay of the Army, on the subject of promotion and appointment, will in every case be forwarded to the military secretary for His Royal Highness's consideration, through the officer commanding the regiment and the general officer under whom they are serving; and it is desired that officers will confine themselves to these, the responsible and regularly constituted channels, in urging their claims.

G.O. 90.—Military Prisoners.

(Specially issued, 4th November, 1871.)

In reference to G.O. 27 of 1870, the Secretary of State for War has decided that, in no case, shall less than two escort warders be employed to conduct military prisoners to Millbank Prison, nor shall a greater number than eight prisoners be conducted by them at one time.

Should there be more prisoners in a district waiting to be sent to Millbank than the escort warders can conduct, application should be made to the Quarter Master General by the general officer commanding the district, for a military escort to conduct such surplus prisoners, in which case the prisoners will wear military uniform, which will be taken back by the escorts to the stations whence the prisoners were removed.

It is desirable that applications for military escorts should only be made when the duties required from them are more than the escort warders can perform; and, whenever available, the warders will still continue to conduct prisoners for discharge with ignominy to civil gaols.
